Appointment as Mentor

The OSMTH Grand Priory of Germany is today appointed as “Mentor” for Ukraine.

It is the Grand Prior of OSMTH Germany who personally takes on the responsibility as Mentor. It is within his authority to nominate a “Coordinator” who is running the from day to day business, but have been advised that Grand Prior Joe Labonde GCTJ personally will attend this task..

As Mentor, GP Germany is responsible for rendering all kinds of assistance to OSMTH activities in Ukraine, and as a main task to assist and support in the formalities connected with an elevation to become an autonomous OSMTH Grand Priory.

The Mentor institute is established to serve as a first line of communication between Templar groups in Ukraine and OSMTH, and to be responsible for quality assurance of all formal documents and petitions to be sent to the OSMTH Grand Magisterium for presentation to the OSMTH Grand Magistral Council.

The Grand Prior of OSMTH Germany will serve in this role until such time as the thus developed OSMTH presence in Ukraine will have satisfied all the requirements for being recognized by the OSMTH Grand Magistral Council as an independent body within OSMTH.

Until such status has been achieved, all individuals, Commanderies or Pories in Ukraine subject to said mentorship shall communicate with and through the Mentor in all matters, and not directly with the OSMTH Grand Magisterium or its Officers.

Until the entity in Ukraine has achieved a Status with OSMTH, it is allowed to use the reference “Entity (Commandery) seeking affiliation with OSMTH through the Mentor Grand Priory Germany”. The entity may use the Croix Patee as its symbol, but is not allowed to use the registered OSMTH Logo or other seals, the acronym OSMTH except in the reference to affiliation, and not to use any reference to the UN status. It is imperative that the Mentor fully explains this to the Ukrainian entity and controls the execution.

In the role as Mentor for Ukraine, the Grand Prior Germany shall report to the Grand Chancellor.
